### Determining Search Phrases

After viewing the presentation, "Surfing or Searching," determine the best search phrase, with appropriate Boolean operators, for each of the following.

1. What search phrase would you use to find a map of the London Underground (subway system)?

\_\_\_\_\_

2. What search phrase would you use to find information about the pandas at the Atlanta zoo?

\_\_\_\_\_

3. What search phrase would you use to find information about the historic Old West End in Toledo?

\_\_\_\_\_

4. What search phrase would you use to find animated graphics to use in creating a web page?

\_\_\_\_\_

5. What search phrase would you use to find information or lessons on teaching your students to search the Internet?

\_\_\_\_\_

6. What search phrase would you use to find lesson plans and materials from the National Park Service about historic places?

\_\_\_\_\_

7. What search phrase would you use to find a site or page that translates between English and other foreign languages? (Use Italian as an example if you like.)

---

8. What search phrase would you use to find the new site that has immigration records for those people who arrived at Ellis Island?

---

9. What search phrase would you use to find replacement pieces of antique Noritake china?

---

10. What search phrase would you use to find pricing on used computers?

---

## **Bonus**

What search phrase would you use to find wallpaper patterns or samples (the real kind for walls) on the Internet?

---
